VOICE RECOGNITION GUIDE

QUICK TIPS

UCONNECT 3
WITH 5-INCH DISPLAY

WELCOME TO UCONNECT

Start using Uconnect Voice Recognition with these helpful quick tips. This guide provides the key Voice Commands and tips you need to know to control your Uconnect 3 system.

Welcome to a brand-new world of hands-free connection and control. Need to make a phone call, change the radio station or transport yourself across town? Tell Uconnect what you want while your hands remain on the wheel and your attention stays focused on the road ahead.

WARNING!

ALWAYS drive safely with your hands on the wheel. You have full responsibility and assume all risks related to the use of the Uconnect features and applications in this vehicle. Only use Uconnect when it is safe to do so. Failure to do so may result in an accident involving serious injury or death.

Insider tips on how to maximize your driving experience with voice recognition:

- Reduce background noise. Wind noise and passenger conversations are examples of noise that may impact recognition.
- Speak clearly, at a normal pace and volume, while facing straight ahead.
- Each time you give a Voice Command, you must first push either the VR or Phone button, wait until after the beep then say your Voice Command.
- You can interrupt the help message or system prompts by pushing the VR or Phone button and saying a Voice Command from the current category.

4. Turn on "Show Notifications."

VOICE RECOGNITION QUICK TIPS

SIRI EYES FREE **(If Equipped)**

Available on iPhone 4S and later. Siri lets you use your voice to send messages, schedule meetings, place phone calls, and more. Siri is full engagement because it understands what you say, knows what you mean, and can even talk back. The system has been designed to help keep you focused by talking to Siri as if it were a person, which is just another way Siri helps you get things done, keeping your eyes on the road and hands on the steering wheel.

To begin, ensure Siri is enabled on your iPhone.

1. Pair your Siri enabled device to your Uconnect System.
2. Push and Hold, then release the Uconnect Voice Recognition (VR) button on the steering wheel until you hear the familiar Siri double beep.
